

ApoWIPE® Ethanol Mini

Effective, smart and handy
Cleans and disinfect in one step

ApoWIPE® Ethanol Mini

ApoWIPE® is a product series from the Danish company Apodan A/S.

ApoWIPE® Ethanol Mini can be used to disinfect all kinds of surfaces that can withstand ethanol.

Application;

ApoWIPE® Ethanol Mini is suitable for areas with frequent hand contact.

ApoWIPE® Ethanol Mini can, among other things, be used for disinfection in the healthcare sector.

Should not be used on lacquered surfaces.

Effectively disinfects against, for example, multi-resistant bacteria, MRSA, E-Coli, Myco, and most viruses, including Norovirus.

Use on a cleaned and dry surface. Wipe the surface with the cloth, ensuring it remains wet for at least 1 minute.

The product is ready to use.
